Learning ability

LANGUAGES

Polsih - Native

English - B2

I graduated from two different faculties, earning the title of Power Engineer and Project Manager. Currently, I am looking for a job where I want to take my first steps in Front End Development. My skills include designing interfaces and developing applications in Front-End area, focusing especially on React and Angular environments. I assure you that by accepting me for applying position, you will gain a hard-working employee who is willing to constantly develop.

EDUCATION

2017-10 - 2021-03 **Power engineering, Engineer**
Politechnika Rzeszowska im. Ignacego Łukasiewicza, Rzeszów

2021-10 - 2022-07 **Project management, Postgraduate studies**
Politechnika Rzeszowska im. Ignacego Łukasiewicza, Rzeszów

PROJECTS

<https://bartlomiejsocha.pl>

My portfolio is a curated collection of my IT journey, featuring a showcase of my all projects that highlight my skills and growth in the field. Developed using React for dynamic functionality and styled with SCSS for a polished look, the site offers a glimpse into my passion and commitment in the field of front-end development

Technologies: React

<https://zamorskifinance.vercel.app>

Angular-powered website presenting a financial advisor. Styled using SCSS to achieve a sophisticated appearance. Demonstrates technical expertise in building a responsive and compelling financial advisory platform.

Technologies: Angular

<https://soszka.github.io/SCSS-cityLayout/>

City Page is a dynamic website I've crafted to enticing visitors to explore this city. Developed with pure JavaScript for seamless interactivity and styled with SCSS for a visually appealing presentation.

Technologies: Vanilla JS
