Firebase

VS Code

Languages

Polish - Native

English - B2

I have completed two fields of study, earning the titles of Energy Engineer and Project Manager. Currently, I am gaining commercial experience as a Frontend Intern, with a particular focus on the Angular environment. In my private life, I prioritize self-development, consistency, and effective time management.

Work History

2024-02
- present

Frontend Developer - Intern

MTU Aero Engines Polska, Rzeszów

- Developing user interfaces using the Angular framework
