Bartłomiej Socha

Frontend Developer

With a strong background in engineering and expertise in project management, I have successfully leveraged my analytical and technical abilities to transition into frontend development. I enhance my programming skills by working on real-world projects using Angular and modern web development tools, emphasizing clean, efficient, and scalable code. My academic and professional journey has equipped me with strong problem-solving and analytical capabilities. I am driven by a commitment to continuous learning and contributing to impactful projects while growing as a developer.

Work History

2024-02 - present

Frontend Developer Intern

MTU Aero Engines Polska, Rzeszów

- *Creating dynamic and responsive user interfaces using the Angular framework.*
